

REMARKS/ARGUMENTS

Claims 1-2, 5, and 7 are pending and **allowed** before the present amendment.

The withdrawn Claims 3-4 and 6 have been cancelled by the Examiner in the Notice of Allowability mailed December 6, 2004.

As to Claims 5 and 7, "upper" surface of the substrate body recited in each claim has been amended to --top--. This provides proper antecedent basis for "the top surface" recited thereafter in each claim. Further, the support for this amendment is found in the Specification at least on page 10, line 28 to page 11, line 11. No new matter has been added.

For these reasons, Applicants respectfully request that the present Amendment under 37 U.S.C. 1.312 be entered without withdrawing the present application from issue. Should the Examiner have any remaining questions or concerns, the Examiner is encouraged to contact the undersigned attorney by telephone to expeditiously resolve such concerns.

Respectfully submitted,

Dated: February 1, 2005
